EDITORIAL DOTTINGS.

The Emperor of Japan is going to visit France in August.

President Grant will be 53 years old on the 27th of April.

For the first time in forty years the Democrats of Bangor, Me., have elected a mayor.

Governor Beedle, Democrat, of New Jersey, has appointed Adam Ray, a colored man, a notary public.

Treasurer Spinner, in a letter to a friend, says that he would not wish to leave his children more than \$10,000 each, which he thinks is better than a larger sum.

A Washington dispatch to the Chicago Inter-Ocean says that Senator Jones has purchased from ex-Senator Stewart his fine palatial residence, recently erected in that capital, and known as Castle Stewart. The dispatch also says Senator Jones and wife sail for Europe next month, to remain until Fall.

Gen. Shaler, who was called to Chicago with a flourish of trumpets several months ago to reorganize the fire department of that city, has given up the task and retired from the field in disgust, the city council refusing to carry out his ideas or appropriate the sums he regarded as necessary.

Of the twenty-six senators who will vacate their seats on the 4th of March, 1877, those now filled by Frelinghuysen of New Jersey, Logan of Illinois, Alcorn of Mississippi, Clayton of Arkansas, and West of Louisiana, may be easily gained by the Democrats, which will give that party a small majority in the 45th congress. They also have an even chance in capturing the seat now held by Cragin of New Hampshire; but the senate is apt to be very close for at least four years to come.

The Republican municipal primary election in Virginia on Thursday resulted in the following: For Mayor, John Lambert; Chief of Police, B. F. Lackey; Assessor, Alex. Lamb; Treasurer, George Hatch; Alderman (First Ward) J. F. Todd; Alderman (Second Ward) E. A. Pottle; Alderman (Third Ward) J. McKay; Alderman (Fourth Ward) Thomas Moses. The ticket throughout is unusually strong and acceptable. It is composed of good and substantial citizens, and is entitled to the support of the taxpayers of Virginia, irrespective of party.—Enterprise

We are more than ever pleased with "Elaine." The entire net proceeds of the exhibition of this picture have been given, by the lady owner, to charitable institutions. One thousand dollars has been given to the Lying-in Hospital and Foundling Asylum on Jessie street; \$500 to the Rev. Archbishop Alemany for the benefit of Aged Women at St. Mary's Hospital; \$300 to Episcopal Home for Aged Women; \$100 to Little Sisters' Infant Shelter; \$141 to the fund for the family of Fortunato Arriola. Mrs. Johnson's act reflects credit on her sex.

The Carson Mint is running nearly up to its full capacity at present on bullion from the Consolidated Virginia, Ophir, Crown Point and Chollar mines. The working capacity of the Carson Mint should be increased, and to this end Congress ought to grant a liberal appropriation.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress-making establishment opened by the Misses Vancine, on Plaza street, opposite the first hotel, will receive a liberal patronage from the latest styles of plain and fancy sewing.

NEVADA MINING NEWS.

The Gold Hill News of Thursday contains the following information regarding the prominent mines of the Comstock:

Consolidated Virginia.
 Daily yield, 450 tons of ore. The ore stops on the 1,500-foot level are all looking well and yielding well and yielding the usual amount of rich ore, as are also the stops on the 1400 and 1300-foot levels. The shipments and bullion on hand at the office more for the same length of time, the mills are all running up to their full working capacity, and the prospects of the entire mine never were more flattering than now. The C. and C. shaft is sunk to a depth of 366 feet, the bottom in good working ground. A new and powerful double-cylinder donkey engine is on the ground ready to take the place of the smaller one now in use. The old engine will be used to hoist the dirt from the deep pits that are being excavated for the reception of the huge stone foundations for the pumping engine, is 16 feet in width by 67 feet in length, and will be 27 feet in depth. The pumping engine will have a 40-inch cylinder, a 7-foot stroke, and a capacity of 600-horse power. The hoisting engines will be two in number, and will each have a capacity of 200-horse power.

California.
 Cross-cut No. 2 on the 1500-foot level is in a distance of 273 feet, the face in low grade ore. Cross-cut No. 3 is in a distance of 251 feet, the face still in rich ore. Cross-cut No. 4 is in 132 feet, the face in low grade ore. Cross-cut No. 5 is in a distance of 54 feet, the face in fine ore. The north drift in the ore vein is still being rapidly driven ahead to connect with the cross-cut No. 4, the face of the drift still in rich ore. The main north drift, or enlarged air gallery, on this level is being steadily pushed toward the Ophir line. No work is being done on the 1500-level at present. The joint east drift on the 1400-foot level is being continued across the eastern portion of the ore vein. The winze on this level is being sunk to connect with the 1500-foot level is down 55 feet, the bottom still in ore of a fair quality. The south drift from cross-cut No. 3 to connect with cross-cut No. 2 on the 1400-level has advanced 18 feet during the week, the face in ore of a fair quality. The joint east drift on the 1300-foot level has been advanced at the rate of 3 1/2 feet per day during the week, the face still in clay quartz and porphyry mixed.

Ophir.
 There is little or no change whatever in the looks of the ore breasts, the daily yield, or the quantity of the ore produced, to report. The north cross-cut at the bottom of the north winze on the 1600 foot level is now in a distance of 130 feet, the face still in fine ore. Five east cross-cuts have been started on the 1700-foot level. The first of these cross-cuts is nearly on a line of the Ophir and California; the second 100 feet further north, and each successive cross-cut 100 feet north of each other. These cross-cuts have been pushed out a distance of 40 feet each, and when everything is in complete readiness, it is the intention to drive them all ahead at once, thus cross-cutting the entire ore vein on that level at one and the same time, and prospect it in the most thorough manner possible. Opening the new incline station in the shaft is rapidly approaching completion, as is also the opening of the 1500 and 1600-foot station in the shaft. The foundations for the new incline machinery are rapidly approaching completion.

Mexican.
 The cross-cutting drifts to the eastward, on the 1365-foot level are showing an improvement, and great faith is yet entertained of finding pay ore on that level. Great energy is being used in the prosecution of the work.

Crown Point.
 Daily yield 500 tons of ore from the old upper levels of the mine. There is little or no change in either the looks or yield of the ore breasts during the past week. The prospecting operations on the 1600-foot level are still vigorously prosecuted with no new or important developments to report. The opening of the 1700-foot station is completed and a drift started to cut and prospect the ledge at that point.

TUNNELS.—There will be two tunnels on the line of the Nevada county Narrow Gauge Railroad, one between Grass Valley and Colfax and the other between Grass Valley and Nevada, and the Union thinks these will cause an immense amount of travel by the young people.

Good News.—The Supreme Court yesterday, decided, by a unanimous vote, the railroad tax suits in favor of Washoe county. Good.

Local Brevities.

When a fellow begins a letter with "Mi dear Matilder," he had better get a book and join in with the rest on a spelling contest.

The Old Fellows celebration the 26th will be a grand success.

It is unlawful to catch trout in Plumas county, between May 15th and July 15th.

The Long Valley farmers are nearly through seeding. They anticipate a high crop this fall.

Remember the Quarterly meeting services at the M. E. Church to-morrow. The Rev. Mr. Fitch, of Virginia City, and Rev. Mr. Arnold exchange pulpits for the day.

The new postal cards are of violet blue and are to be introduced during this month.

There are two things it is unwise to repose confidence in: Nitro-glycerine and a mule's sense of honor.

The motto for the State of Nevada is "Willing and Able." To do what?

SHEARING.—Gen. O. Evans is now busily engaged in shearing his sheep. His pen is almost three quarters of a mile from town on the road to the English Mills. One band has already passed through the clipping ordeal and another is being put through.

HOISTING WORKS.—Mr. S. Buckley, President, and Mr. A. D. Griffin Superintendent of the Consolidated Pore in Virginia City endeavoring to purchase the machinery for the new hoisting works about to be constructed at the Paymaster mine.

No Fux.—To a prejudiced mind it may look easy to localize on a paper, and write up a couple of columns of items every day, but we have long since lost sight of the ease and fun of the thing. Every body refuses to set fires, do any murdering, stealing, eloping or any thing else that would do for an item, and we frequently chase a rumor for half an hour and then hear the doleful sound, "nothing in it." Oh! it's fun to be a local editor—and so easy.

FARMING.—We notice that a large number of reapers and other farming implements have been put off here, and some of them are lying at the depot awaiting removal, while some of them are at work. Such a supply indicates that there must be a big demand for them in this vicinity.

WEATHER.—Friday the weather in the morning was close and sultry; in the afternoon it was squally and heavy clouds gave promise of a speedy rain. A good rain would do a power of good now. The earth is thirsty and needs it.

NONE.—Friday for a change there were no emigrants passing through here on their way West. Why is this? We have begun to look at their advent as a matter of course.

TO START UP.—The O'Hara furnace at Peavine will be started up in about ten days, and soon will be solved the vexed question of the refractory ores of Peavine.

PERSONAL.—Surveyor General Davis was in town yesterday. He left on the train last night for San Francisco.

"Ticket Sir."

This was the way it happened. One of the regular attendants at Central Church is a railroad conductor. He is regular, not so much from any personal predilection for Calvinism as from the fact that he has a first-rate Presbyterian wife who keeps him in the way he should go. A few Sundays since one of the Deacons was absent and our Conductor was requested to pass the plate. Of course he consented. For the first dozen pews everything passed off well. There was a regular financial shower of nickles and dimes, and the railroad man watched sharp, but couldn't see that any body "got away" without responding. Finally he came to a seat where the occupant was either busted or disinclined, for he shook his head, but made no attempt on his pocket. The conductor looked at him sharply, but no cash appeared. Then he nudged his shoulder, and softly called: "Ticket, Sir!" Again the man's head wagged horizontally, but the stamps didn't come. "Pass, then!" whispered the conductor. Still no response. Just as the railroad chap was about to call up the brakeman to help pitch impecunious worshiper out of doors, the regular Deacon came in and relieved his proxy. The conductor says he believes in running a church the same way you would a railroad train. If a man won't pay, or hasn't a pass, let him git.

Boss Tweed is growing gray.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.

EVERY lady should go in time and secure some of those new style Spring dress goods at 25 cents per yard, at J. Prescott's.

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co.

MILLINERY AND FANCY GOODS.—Mrs. Julia J. Prescott is pleased to inform her friends and customers that she has just returned from San Francisco after having selected the most complete, fashionable and elegant stock of Spring and Summer millinery and fancy goods for this market and which she has now displayed at her establishment at No. 20 Commercial Row. All are cordially invited to call and examine.

ELAINE.—Frank Chase has just received a splendid copy of Rosenthal's famous masterpiece, to which he calls the attention of all lovers of the fine arts.

For fine Spring and Summer shawls go to J. Prescott's.

NEW GOODS.—Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hostery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist whose successful treatment of certain physical disabilities and functional derangements, deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal-Canada East Medical Institute. The regime of the English Pharmacopoeia College is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multiform chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Protruded Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, 25.

APPLICATION FOR PATENT.
NOTICE NO. 270.
U. S. Land Office, Carson City, Nevada, April 9th, 1875.—Notice is hereby given that the Willow Creek Silver Mining Company, a corporation, has by its Superintendent Jas. Morgan, whose postoffice address is at Washoe City, Washoe county, Nevada, made application for U. S. patent to fifteen hundred (1,500) feet of a certain lode or vein of quartz or other rock in place bearing gold, silver, copper and other metals, commonly called and known as the Union Lode and the Willow Creek Silver Mining Company's claim, Galena Mining District, Washoe county, Nevada, extending fifteen hundred linear feet along the line of said lode in a southerly direction from post No. 1, the point of location, and embracing the same with all its dips, spurs, angles and variations with surface ground six hundred (600) feet in width and described on the plat and field notes on file in my office as follows, to wit:
Beginning at post No. 1 whence southeast corner of section 12, township 17 north, range 19 east, Mount Diablo Base and Meridian bears south 21 1/2 degrees east, 736 feet, mouth of tunnel 600 feet north 72 1/2 degrees west 1110 feet (said tunnel runs south 92 degrees 37'00" west) and runs from said post No. 1, 1st course north 34 degrees west 300 feet to cut in crappings 600 feet to post No. 2, thence 2d course south 56 degrees west, 1500 feet to post No. 3, thence 3d course south 34 degrees east 600 feet to post No. 4, thence 4th course north 56 degrees east 1500 feet to post No. 5, the place of beginning, containing 20 66-100 acres, bearings from the true meridian 16 1/2 degrees east.
The improvements made upon this claim by the applicant or its grantors consist of the cuts and tunnel heretofore mentioned, upon which they have expended not less than five hundred dollars. This survey was made in accordance with record of location. This claim is bounded by no known claimants. The location of this claim is recorded in Book A, pages 78 and 79 of the mining records of Galena Mining District, kept at the office of the Mining Recorder of Galena Mining District at Reno, Washoe county, Nevada.
ADOLPH WATZ, Register.

THE THOROUGHbred TROTTER STALLION
RIFLEMAN!
Will stand the present season at Longley's Ranch six miles south of Reno, Nevada, season commencing April 1st and ending July 1st, 1875. Terms of service thirty dollars, payable in United States gold coin, before the close of the season.
Description:
Rifleman is a beautiful bay, 15 1/2 hands high, and is the handsomest horse and the best bred trotter in the State. He has much Messenger blood in his veins as Smuggler, the champion stallion of America, that won the Stallion Race at Boston, in 1870. Rifleman's colts are all very stylish and large and show fine trotting action. I will show his colts Morgan Chief at the next State Fair against any colt of his age west of the Rocky Mountains. I will also give a premium of \$25 to the best sucking colt from Rifleman that is shown at the State Fair next Fall.
Pedigree:
Rifleman was sired by the Thoroughbred Stallion Rifleman and he by Mrs. Glencoe, dam by Randolph, out of Butterfly by Smuggler. His dam was the Thoroughbred mare Lady Davis by Red Bill by Modoc and he by American Eclipse out of Miller's (dam) by Imp. Messenger. I have good pasturage at \$4 per month for the accommodation of mares from a distance. I take good care of mares, but will not be responsible for accidents or escapes should any occur. No mares delivered until all charges are paid.
A. A. LONGLEY, Proprietor.

NORTH TRUCKEE DITCH COMPANY.—Location of principal place of business, Reno, Washoe County, Nevada.
Location of works, Glendale, Washoe county, Nevada.
Notice is hereby given that at a meeting of the Board of Trustees of said Company, held on the 17th day of March, 1875, an assessment (No. 1), of Fifty (50) cents per share was levied on the capital stock of the company, payable immediately, in U. S. gold coin, to the Secretary, at his office, Reno, Nevada.
Any stock upon which said assessment shall remain unpaid on the 17th of April, A. D. 1875, shall be delinquent, and will be advertised for sale at public auction, and unless payment shall be made before, will be sold on Monday, the 17th day of May, 1875, to pay the delinquent assessment thereon, together with costs of advertising and expense of sale. By order of the Board of Trustees.
